

AI LINE BATTERIES

Battery Charging Times - Minutes (80%/100% capacity using LK 45 Charger)

| | |
|---------------|---------|
| FSA 45 | 145/210 |
|---------------|---------|

| | |
|---------------|---------|
| HSA 45 | 145/210 |
|---------------|---------|

| | |
|---------------|---------|
| BGA 45 | 210/300 |
|---------------|---------|

Run Times Per Battery Charge - Minutes¹

| | |
|---|-------|
| FSA 45 (STIHL PolyCut™ 2-2 blades / .65" line) | 20/12 |
|---|-------|

| | |
|---------------|----|
| HSA 45 | 40 |
|---------------|----|

| | |
|---------------|----|
| BGA 45 | 10 |
|---------------|----|

¹ The battery run time specifications for each battery charge are estimates and may vary depending on how the tool is used and what is being cut. STIHL battery technologies continue to improve. As a result, battery run times may vary depending on specific version used.
